## Deck & Driveway (Electric Units)

### T200 Deck and Driveway Cleaner

Cleaning a large area such as a deck with regular spray wand can be time consuming and may leave behind streaks. The T200 cleans an 11" area with every pass and eliminates streaks by keeping its nozzles at a fixed height from the surface. The T200 employs dual spray nozzles which spin at high speed for optimum, professional cleaning results. **Safe to use on wood and composite decks**

PN: 2.642-188.0

### PS40 Powerscrubber

The hard surface PS40 Power Scrubber has three integrated high pressure nozzles and a stiff bristle design for removing stubborn dirt and stains quickly and efficiently. Suitable for a wide variety of hard surfaces and ideal for scrubbing concrete, pool areas, steps and hard to reach areas.

PN: 2.642-582.0

### T-400 Deck and Driveway PLUS Edge Cleaner

For cleaning surfaces and edges such as patios, decks and driveways without splash back, there is no better solution than Kärcher's T400 Deck and Driveway PLUS Edge Cleaner. The T400 cleans an 11" area with every pass and eliminates streaks by keeping its nozzles at a fixed height from the surface. For additional power and effective cleaning of corners and edges, simply switch cleaning mode from "surface cleaner" to "edge cleaner" quickly and easily. The T400 employs dual spray nozzles which spin at a high speed and is also equipped with a power nozzle specifically designed to spray along edges and in corners, cleaning both wide areas and edges

**Safe for use on wood and composite decks**

**makes a difference**

## Brushes (Electric Units)

### Standard Wash Brush

Made with extra soft synthetic bristles that are safe for all painted surfaces. Automatically dispenses detergent to help remove dirt and grime. Ideal for use on cars, trucks, motorcycles, boats, patio furniture and other delicate surfaces. Easily attaches to the trigger gun.

**PN: 2.640-740.0**

### Rotating Wash Brush

Incoming water pressure causes inner brushes to rotate, providing the right amount of agitation to easily remove stubborn dirt and debris. Detergent dispenses through the brush providing even distribution and effortless cleaning of most flat surfaces...excellent for use on cars, boats, house siding, patio furniture, shutters, windows and more.

**PN: 2.643-005.0**

### Wheel Rim Brush

An ideal accessory for cleaning wheel rims and spokes. The high quality bristles clean hard to reach wheel areas on vehicles, motorcycles, bicycles and more. Featuring an ergonomic handle, this brush also automatically dispenses detergent reducing the amount of time and effort it takes to get your wheels clean.

**PN: 2.642-186.0**

### Adjustable Rotating Wash Brush

Incoming water pressure causes inner brushes to rotate, providing the right amount of agitation to easily remove stubborn dirt and debris. Detergent dispenses through the brush providing even distribution and effortless cleaning. The 180° adjustable joint on handle makes it the perfect accessory for cleaning hard to reach areas and is excellent for use on cars, boats, house siding, patio furniture, shutters, windows and more.

- Dial to adjust speed and detergent flow
- Easy to replace bristles

**NEW**

## Wands (Electric Units)

### Right Angle Wand

Ideal for cleaning wheel wells, vehicle roofs, and other hard-to-reach areas. The 90° angle on the end of this metal wand (30" long assembled) makes it easy to clean the roof area of trucks and SUV's, as well as remove mud and other debris from wheel wells. Great for cleaning gutters, especially when paired with a Kärcher extension wand.

**PN: 2.640-741.0**

### Four Piece Extension Wand

Increase your reach by up to 66" with this extension wand. Four aluminum sections combine to create lengths of 33", 51" or 66" fully assembled. Attaches easily and securely to the trigger gun of your Kärcher pressure washer.

**PN: 2.640-746.0**

### Telescopic Wand

Allows you to clean difficult to reach areas. With up to 13 feet in length, the telescopic wand will enable you to clean second story windows, shutters and siding. Its balanced, ergonomic design makes it incredibly easy to handle.

**PN: 2.640-746.0**

### Foam Nozzle Wand

Ideal for applying a thick heavy foam on all surfaces, especially vehicles. Connects directly to the trigger gun. Fits most Kärcher pressure washers up to 2300 PSI.

**PN: 2.642-580.0**

### Chassis Cleaner

The Chassis Cleaner is designed to reach the underside of vehicles and remove corrosive sediments deposited over time. A build-up of salt, oil, or mud can cause severe long term damage to any vehicle if left untreated. The Chassis Cleaner is designed with dual upward pointing spray nozzles which spin at a high speed to safely clean your vehicle chassis.

## Specialty Kits (Electric Units)

### 25ft Pipe Cleaning Kit

The pipe cleaner uses four backward firing high pressure water jets to propel itself through pipes and downspouts while breaking up and evacuating built-up debris and grime. The kink resistant flexible hose includes measurement markings and a ring to indicate your progress. Connect directly to the trigger gun.

**PN: 2.642-183.0**

### Wet Sandblasting Kit

Attach the kit to your pressure washer, add abrasive material and attack rust and paint with our eco-friendly alternative. Includes a pair of goggles. Not for use on delicate surfaces.

**PN: 2.638-792.0**

### Universal Brush Kit

(also works with Gas)

Our Universal Wash Brush Kit includes a Soft Bristle Wash Brush, a Rotating Wash Brush and a set of five adapters which allow the brushes to be used with most pressure washers with a water flow of 4.0 GPM (gallons per minute) or less, including all Kärcher electric and gasoline pressure washers.

**PN: 2.614-222.0**

## Hose (Electric Units)

### 25ft Extension Hose

Connects directly to the high pressure water outlet on your pressure washer and to your existing high pressure hose on the other end. Fits most Kärcher electric pressure washers up to 2000 PSI. Select your connection type below.

**Quick Connect: PN: 2.642-588.0**

**Clip Style: PN: 2.642-587.0**

**makes a difference**

## Replacement Items (Electric Units)

### Trigger Gun:

Available in: Quick Connect and Clip Connection

**Quick Connect:** PN: 2.642-581.0

**Clip Connect:** PN: 2.642-580.0

Quick Connect

Clip Connection

### Replacement Trigger Gun Kit w/ 25' Hose

25 ft. Quick Connect high-pressure hose easily and securely attaches to the trigger gun. Included is a Quick Connect adapter that permits rapid attachment of the high-pressure hose. You can leave the Quick Connect adapter attached to your pressure washer for ongoing convenience. Trigger Gun is designed to work with Kärcher electric pressure washers up to 2000 PSI.  
Note: Not compatible with pressure washers with an onboard hose reel.

**PN: 2.642-182.0**

### DirtBlaster® Wand

The DirtBlaster® uses patented technology to increase the effective pressure of your Kärcher electric pressure washer by up to 50%. It is ideal for areas where more intense cleaning is needed.

**PN: 2.642-214.0**

### Vario Power Wand

Allows you to easily switch between low and high pressure, and everything between, while you clean. Simply dial in the desired amount of pressure right on the wand. Automatically dispenses detergent at the low pressure setting.

**PN: 2.642-191.0**

### 25ft Replacement Hose

Fits Kärcher electric pressure washers up to 2000 PSI. Select your connection type below.

**Quick Connect:** PN: 2.642-583.0

**Clip Connect:** PN: 2.640-850.0

### O-Ring Set

**(Use for Electric and Gas Units)**

Easily replace your pressure washer's O-rings. Set includes O-rings for the high pressure hose and attachments including spray wands, brushes and more.

**PN: 2.641-005.0**

## Deck & Driveway (Gas Units)

### T350 Large Surface Area Cleaner

The T350 works with Kärcher gasoline pressure washers rated 2400-2650 PSI and is recommended for cleaning surfaces such as patios, decks and driveways. The T350 cleans an 11" area with every pass and eliminates streaks by keeping its nozzles at a fixed height from the surface. The T350 employs dual spray nozzles which spin at high speed for optimum, professional cleaning results.

***Safe for use on wood and composite decks***

**PN: 2.642-580.0**

## Specialty Kit (Gas Units)

### Universal Brush Kit

(also works with Electric)

Our Universal Wash Brush Kit includes a Soft Bristle Wash Brush, a Rotating Wash Brush and a set of five adapters which allow the brushes to be used with most pressure washers with a water flow of 4.0 GPM (gallons per minute) or less, including all Kärcher electric and gasoline pressure washers.

**PN: 2.614-222.0**

**The World's Largest Manufacturer of Pressure Washers**

**makes a difference**

## Nozzles (Gas Units)

### 5 Pc Quick Connect Nozzles

The Kärcher 5-piece Nozzle Kit is available for gas powered pressure washers and designed with our quick connect system for added convenience. The kit offers a wide range of stream patterns that include: 0° (Concentrated Pencil Jet), 15° (High Performance), 25° (Multi-Purpose), 40° (Sensitive Surface), and 65° (Low Pressure Detergent) Application Rated for 2600 PSI to 3100 PSI.

**PN: 2.640-849.0**

### DirtBlaster® Nozzle

This nozzle features a high-pressure pencil jet which rotates at approximately 4,000 RPM to provide a wider cleaning area. Increases the effective cleaning pressure by up to 50% and is unsurpassed at removing stubborn dirt and solvents. Rated for Kärcher gas pressure washers with a PSI of 2600-3600. Not recommended for delicate or painted surfaces.

**PN: 2.640-855.0**

## Hose (Gas Units)

### 50ft Extension/Replacement Hose:

**Compatible with:**

**Quick Connect and Threaded Connection**

Constructed from commercial grade rubber, resist kinking and able to withstand pressure up to 4000 PSI. Includes required adapters to work with all Kärcher gasoline pressure washers.

**PN: 9.558-124.0**

# Detergents & Protectants

## (Electric and Gas Units)

### **Multipurpose Cleaner**

Highly concentrated formulation (20X) that produces 20 gallons of ready-to-use detergent. Safe to use on wood, cement, siding, tile, stone, brick and almost any surface. The customized deep cleaning formulation leaves no residue behind, providing exceptional results every time.

**PN: GALLON: 9.558-119.0 / QUART: 9.558-120.0**

### **Vehicle Wash and Wax**

Highly concentrated formulation (20X) that produces 20 gallons of ready-to-use detergent. Safe on all automotive finishes (cars, SUV's, trucks, campers, ATV's, motorcycles, trailers, RV's, and more). This revolutionary formulation contains a special blend of water-reactive polymers and waxes for spot-free cleaning with a superior shine.

**PN: GALLON: 9.558-121.0 / QUART: 9.558-122.0**

***The quart container features a unique Tru-Measure System which takes the guesswork out of diluting the concentrate. Fill the reservoir once for electric pressure washers and four times for gas pressure washers. Tru-Measure makes it easy to use just the right amount of detergent. The gallon bottle features an easy pour handle to prevent spilling and waste. The clear container allows you to easily gauge the remaining amount of detergent.***

### **Pump Guard**

Kärcher's environmentally friendly Pump Guard is specifically formulated to prolong the life of your pressure washer. This custom solution will protect your pressure washer from corrosion, premature wear and freezing (down to -25°F). It also adds lubrication to your pressure washer's valves and seals to prevent sticking in the future. Ordinary anti-freeze is insufficient in this respect and is not recommended. Works with all Kärcher electric and gas powered pressure washers. Put your guard up today!

**PN: 9.558-998.0**

#### **\*REQUIRED FOR WINTER STORAGE**

*Protects from damage that can occur when residual water freezes within the pump.*

**The World's Largest Manufacturer of Pressure Washers**
